

RAPIDVITE 

Rapid Spray

Rapid Spray is a TOUCH FREE liniment developed to assist in the relief of pain & inflammation in the muscles, tendons & ligaments of dogs.

Features

- Touch free
- Easy to apply
- Contains natural herb oils including:
Arnica, Eucalyptus, Tea Tree & Capsicum
- Pleasant odour

Benefits

- Readily absorbed, quick drying formulation
- Provides rapid relief for sore muscles, strained ligaments & tendons
- Can be sprayed directly onto the foot pads to provide relief from the impact of hard surfaces
- Rapid Spray can be applied prior to bandaging
- Helps to increase blood flow to affected areas which accelerates healing
- Designed to assist health practitioners in remedial treatment

Applications

- Can be used before and after exercise to reduce warm up time and minimize the likelihood of muscle, ligament and tendon strain
- Can be used on all dogs especially racing, working and obedience dogs

Directions for use

- Apply directly over the affected muscles and/or joints especially those on the fore & hind limbs
- Do not apply on open wounds
- Not to be applied on the day of an event
